

Follow-up report No.2

Report reference: , Reference OIE : 30205, Report Date : 15/11/2019, Country : China (People's Rep. of)

Report Summary

Name of sender of the report	Dr Huang Baoxu	Telephone	+86 532 85 63 72 37
Position	Secretary of the Party Leadership Group	Fax	+86 532 85 61 02 80
Address	n° 369 Nanjing Road, Qingdao City of Shandong Province Qingdao 266032	Email	chinadelegate@agri.gov.cn
		Date submitted to OIE	15/11/2019

Animal type	Terrestrial	Date of report	15/11/2019
Disease	African swine fever	Date of start of the event	07/01/2019
Causal Agent	African swine fever virus	Date of confirmation of the event	13/01/2019
Reason	First occurrence of a listed disease	Diagnosis	Clinical, Laboratory (advanced)
Country or zone	a zone or compartment	Clinical signs	Yes
Number of reported outbreaks	submitted= 3, Draft= 0		

Outbreak details

Province	Number of outbreaks	City	County	Unit Type	Location	Latitude	Longitude	Start Date	End Date:
Gansu-other report - submitted	-	Qingyang	Qingcheng	Backyard	Zhongping Village, Yima Township	35.9066	107.6884	07/01/2019	26/02/2019
Species	Measuring units	Susceptible	Cases	Deaths	Killed and disposed of	Slaughtered			
Swine	Animals	109	44	9	100	0			
Affected Population	After ASF occurred in Qingcheng County, Qingyang City, in Gansu Province, control measures such as blockade, killing and disposal and disinfection were applied, in accordance with the requirements of the Contingency Plan for ASF and Technical Regulation on ASF Control (Trial). After affected pigs were killed in the affected areas, a total of 114 domestic pigs were killed in the affected areas and disposed of the culled pigs in biosafe method. No new outbreaks and positive samples have been found for the 6 consecutive weeks in surveillance and monitoring. Local animal husbandry and veterinary authorities organized the acceptance for laboratory tests and on-site assessments in the affected areas. The results of the acceptance were in compliance with the regulations on the blockade lift in the affected areas, and the ASF outbreak was solved. The local government decides to lift the blockade at 24:00 o'clock of February 26th of 2019. The Ministry of Agriculture and Rural Affairs requires the local animal husbandry and veterinary sectors to continue to strengthen the surveillance and monitoring and take active prevention and control measures, as to prevent the recurrence of ASF.
